

balance softgels

FULL SPECTRUM

Our Unfiltered-Full Spectrum Balance vegan soft gels provides a convenient way to support your well-being, while staying true to your vegan lifestyle. Our Unfiltered Full-Spectrum extract is created by a process that preserves the natural richness of the plant, including acidic and neutral minor cannabinoids, terpenes, and flavonoids. Whether you're looking to reduce stress, support your immune system, or promote overall balance, our soft gels are an excellent choice.

SUGGESTED USE:

Take up to (2) softgels as needed. Please consult your pharmacist.

All PharmaCentrix products are formulated to enhance the function of the Endocannabinoid System (ECS). This complex system collaborates with the Central Nervous System to regulate critical functions such as immunity, pain, sleep, mood, memory, appetite, and inflammation. Remarkably, the ECS continues to operate in your body, regardless of cannabis use. Our products are specifically designed to optimize ECS functionality, promoting overall well-being.

THIS PRODUCT CONTAINS FEDERALLY ALLOWED TRACE AMOUNTS OF THC (LESS THAN 0.3% WEIGHT)
