calm & peace tinctures

FULL SPECTRUM

PharmaCentrix's Ultra-Full Spectrum C&P tinctures are an effective way to start your day feeling positive and centered. This daily use tincture is formulated with full spectrum CBD, which contains a range of cannabinoids, including CBG, known as the "mother of all cannabinoids." Full-spectrum CBD and CBG work together to help regulate emotions and increase serotonin levels.

SUGGESTED USE :

Absorb 1/2 to 1 dropperful under the tongue one or more times daily. Please consult your pharmacist.

STORAGE:

Store at room temperature between 68°F and 77°F. Keep the cap tightly closed.

SPECIFICATION :

- Proprietary Ultra-Full Spectrum Hemp Extract
- Stringent Quality Controls with Limited Processing
- Tamper Evident and Child Resistant Dropper
- Lead-Free Glass Graduated Dropper
- Amber Bottle for Freshness

All PharmaCentrix products are formulated to enhance the function of the Endocannabinoid System (ECS). This complex system collaborates with the Central Nervous System to regulate critical functions such as immunity, pain, sleep, mood, memory, appetite, and inflammation. Remarkably, the ECS continues to operate in your body, regardless of cannabis use. Our products are specifically designed to optimize ECS functionality, promoting overall well-being.

rest & sleep tinctures

FULL SPECTRUM

PharmaCentrix's Ultra-Full Spectrum R&S tinctures are formulated to promote long, restful nights of sleep. We combine the proven efficacy of CBD with the added benefit of CBN, a naturally occurring cannabinoid known for its sedative properties. Our natural and plant-based ingredients make this Ultra-Full Spectrum tincture a safe and effective addition to your nightly routine.

SUGGESTED USE :

Absorb 1/2 to 1 dropperful under the tongue one or more times daily. Please consult your pharmacist.

STORAGE:

Store at room temperature between 68°F and 77°F. Keep the cap tightly closed.

calm & peace tinctures

BROAD SPECTRUM

PharmaCentrix's Ultra-Broad Spectrum C&P tinctures provide you with the same powerful benefits as our Ultra Full Spectrum version, but without THC. By combining the potent properties of CBG with the natural stress-reducing effects of Alpha-Pinene and Limonene terpenes, this tincture offers a holistic solution for easing everyday stress and anxiety.

SUGGESTED USE :

Absorb 1/2 to 1 dropperful under the tongue one or more times daily. Please consult your pharmacist.
