

soothe & relief cream

FULL SPECTRUM

Experience targeted support for joint and muscle discomfort with PharmaCentrix's Ultra Full-Spectrum Soothe & Relief Cream. Our unique formula is enriched with CBG, a potent compound that is recognized to aid in reducing discomfort and swelling. We combine MSM and Botanicals, including Arnica for their proven anti-inflammatory characteristics, providing maximum support.

SUGGESTED USE :

Apply a small amount of cream on the affected area and work into the skin. Massage gently into clean, dry skin. Use daily for best results.

STORAGE:

Store at room temperature between 68°F and 77°F. Keep cap tightly closed.

SPECIFICATION :

- Proprietary Ultra Full Spectrum Hemp Extract
- Stringent Quality Controls with Limited Processing
- 3.3 FL. OZ (98 ml) or 1.65 FL. OZ (50ml)

All PharmaCentrix products are formulated to enhance the function of the Endocannabinoid System (ECS). This complex system collaborates with the Central Nervous System to regulate critical functions such as immunity, pain, sleep, mood, memory, appetite, and inflammation. Remarkably, the ECS continues to operate in your body, regardless of cannabis use. Our products are specifically designed to optimize ECS functionality, promoting overall well-being.

THIS PRODUCT CONTAINS FEDERALLY ALLOWED TRACE AMOUNTS OF THC (LESS THAN 0.3% WEIGHT)
